

**The  
Sulgrave Club  
Parents/Carers'  
Survey**

**April 2024**  
***(39 respondents)***

### How much does The Sulgrave Club help your child:

### What do you particularly like about the activities we provide?

- It's very helpful, my son has a lot of fun, sport is amazing and also learning session very good and staff are brilliant
- The meals you're providing and also encouraged to come after they win some cash. Well done team
- My son enjoyed it a lot.
- The teachers are very nice, can see improvement in my daughter's maths
- It is a mix of mental and physical activities
- There are options to choose from to keep everyone happy.
- The range of activities and friendly, approachable staff.
- I appreciate the diverse range of activities provided, as they cater to different interests and skill levels, ensuring that there's something for everyone. Additionally, I value the emphasis on fostering a supportive and inclusive environment where my children can feel comfortable and engaged exploring their interests and forming meaningful connections with peers and mentors.

- I think there's a good range of activities for the kids and that everything is affordable which is so important for everyone right now. It's hard to find inexpensive fun things to do with the kids but my daughter loves Sulgrave and it doesn't hurt my pocket
- The different activities that are available
- "Variety, my son likes football the play station, table tennis"
- Socialising and the staff are great
- Everything
- He gets to make friends, has fun and has become more confident
- They're fun
- Well organised
- My daughter loves the games
- Cooking, sports and games
- It teaches my daughter different games and helps her.
- The chance to cook, and to interact with children from other schools/areas
- That there are many activities for them to choose from.

- Very safe, friendly and inclusive
- Good choice and exciting for the children
- Fun and active!

- My son likes the fact that the activities vary rather than being the same each week.
- Meeting new friends from different backgrounds
- "These are activities the kids enjoy and I would struggle to fund during the holidays. The hot home cooked lunches are a bonus, better than the school dinners."

**Is there anything we could do differently or better?**

- No (x6)
- Nope doing a fantastic job as always
- Stay like that
- No it's perfect..
- No, thank you
- I don't think so.
- No my child's very happy
- I don't think so but more halal stuff
- Nothing but more halal stuff (food)
- I am very happy.
- Certainly! Providing opportunities for children to take on leadership roles or contribute ideas for new activities could further empower them and enhance their sense of ownership and engagement in the club. Additionally, offering workshops or other activities to involve us as parents could strengthen the overall family experience.
- "yeh would be nice to have another day in the week he could go to, but next year he in year 7 so i guess there's other times/day(s) he can attend"
- A little more games
- Add more sports
- Would be good to have some more spaces (on holiday schemes) available or maybe a list so everyone gets a space.
- Unable to comment as my son is a new member, however had only came home with positive feedback each time.
- You are doing a brilliant job

**Did you yourself, or other members of your family, benefit from your child / children doing Sulgrave activities?**

- Yes taking to them outside is good for our kids
- They provided kids to go out like cinema or balling
- So it saves my time to teach my child's maths which is a difficult task for me
- Seeing your child happy what else could i ask for.
- Having time to spend one on one with younger child.
- You provide my children with opportunities to learn new skills, develop social connections, and engage in positive, structured activities outside of school. Additionally, this gives me some time for myself or to focus on other responsibilities while knowing my children are in a safe and enriching environment.
- Helps with my work commitments and my child's confidence
- As a single father, I get a couple of hours to myself after work, this helps a lot

- In the holidays it's hard to find things to do with the kids. Options are somewhat limited but Sulgrave offer a nice variety of activities every holiday so we benefit from Sulgrave helping us keep our daughter entertained and providing her social activities with her friends that don't break the bank
- It's great for the kids to have something to do with their peers and it's not expensive.
- Friendship
- My daughter learning a lot of things, working in group. Etc.
- In everything
- My child has never been bowling, childcare is helpful, good place for my child to meet new friends
- Childcare helpful, kid gets to play with other kids, good for my child's development
- Helping my daughter to learn new things.
- My son always safe going to Sulgrave and happy with the activities on offer. He often tells me about the fact he has the opportunity to cook as well as play games and hang out with friends
- Having a peace of mind knowing my teenage son can go out and be in a safe environment, with my daughter it was more about her having somewhere safe to go to burn off extra energy as her behaviour can be challenging when she is under stimulated
- "Gives the children a safe and fun place to go. Helps making new friends. I always know they are safe."
- It's somewhere fun for them to go and they enjoy it
